```
        </div>
        <div class = "row">
          <!-- cancel button -->
          <div class="col s6 right-align">
            <a href="{ { url_for('get_categories') } }" class="btn-large
red">Cancel</a>
          </div>
          <!-- submit button -->
          <div class="col s6 ">
            <button type="submit" class="btn-large teal">Save Changes</button>
          </div>
        </div>
      </form>
    </div>
```

Check

Use the Message Filtering button below to hide/show particular messages, and to see total counts of errors and warnings.

Message Filtering

1.

Warning

Consider adding a `lang` attribute to the `html` start tag to declare the language of this document.

[From line 1, column 1; to line 1, column 25](#)

{% extends "base.html" %}↔{% b1

For further guidance, consult [Declaring the overall language of a page](#) and [Choosing language tags](#).

If the HTML checker has misidentified the language of this document, please [file an issue report](#) or [send e-mail to report the problem](#).
2.

Error

Non-space characters found without seeing a doctype first. Expected `<!DOCTYPE html>`.

[From line 1, column 1; to line 1, column 25](#)

{% extends "base.html" %}↔{% b1
3.

Error

Element `head` is missing a required instance of child element `title`.

[From line 1, column 1; to line 1, column 25](#)

{% extends "base.html" %}↔{% b1

Content model for element [head](#):

If the document is [an iframe srcdoc document](#) or if title information is available from a higher-level protocol: Zero or more elements of [metadata content](#), of which no more than one is a [title](#) element and no more than one is a [base](#) element.

Otherwise: One or more elements of [metadata content](#), of which exactly one is a [title](#) element and no more than one is a [base](#) element.

4. **Error** Bad value `{{ url_for('edit_category', category_id=category._id) }}` for attribute `action` on element `form`: Illegal character in path segment: `{` is not allowed.

[From line 7, column 13; to line 7, column 116](#)

```
<form class="col s12" method="POST" action="{{ url_for('edit_category',
category_id=category._id) }}">
```

5. **Error** Bad value `{{ url_for('get_categories') }}` for attribute `href` on element `a`: Illegal character in path segment: `{` is not allowed.

[From line 20, column 25; to line 20, column 88](#)

```
<a href="{{ url_for('get_categories') }}" class="btn-large red">Cancel
```

Document checking completed.

Source

```
